

Dual Purpose Marine/RV AGM DURACELL®

SMARTPOWER™

2x Durability & Dependability **2x** Cycle Life* **20x** Vibration Resistant*

Duracell Marine & RV Dual Purpose AGM batteries are an easy choice for an ideal combination of marine starting and accessory power.

Maximum starting performance and plenty of accessory power for live-wells, GPS systems, stereos, hazard lighting, and any other item that plugs in or turns on, means these batteries won't have any trouble in meeting many of today's marine or RV needs.

Plus their advanced technological design delivers 2x the durability and dependability. With 20x the vibration resistance of conventional designs, these batteries resist wave-pounding vibration or the worst road conditions. That means trusted starting power with every turn of the key, whether your customers are 3 miles from shore or 3000 miles from home.

Help your customers get on the water, or power their RV, with the CopperTop confidence of new Duracell marine batteries.

Now Featuring DuraMAT™ Components

More battery power protection with...

- Superior electrolyte absorption
- No free-flowing electrolyte
- Shock absorbing material
- Optimized power flow

* Compared to conventional designs

- U. Molded-in offset SAE post and vertical 5/16" NEG., 5/16" POS. stainless steel studs & hex nuts

Not just another battery offering, the Duracell AGM line delivers the best single source of premium AGM battery power solutions for the automotive, import vehicle, marine, power sports, and commercial markets. The variety in the Duracell AGM line has batteries to best service the vehicle and user's needs by integrating the optimal balance of starting, cycling, and deep cycling performance.

Duracell AGM batteries are part of the SmartPower initiative. Designed for more efficient recharging, these batteries recover faster in the vehicle's charging system than conventional flooded batteries to deliver more accessory power longer.
