

DURACELL®

Automotive/LTV

Extra High Performance • Trusted Starting Power

Duracell automotive batteries offer a complete, powerful line of maintenance-free products for cars, light trucks, and SUVs that has a name synonymous with the dependability and performance people know and trust.

Duracell EHP (Extra High Performance)

batteries utilize special features within the battery to withstand all temperature conditions. Reinforced internal components and a special plate active formula are just some of the features used in EHP technology to make the battery deliver superior life and maintenance-free performance in any climate.

Duracell HP (High Performance)

line provides another premium quality battery choice that strategically integrates value with high performance to deliver maximum reliability, longevity, and cranking power.

TRUST IS POWER.

Visit www.driveduracell.com to see the entire line of battery solutions for any application need.

FOOTNOTES

- All batteries have SAE automotive posts
- 14. Centerline terminal posts
- 16. Dual terminal universal design
- 17. Includes handle
- 18. Includes top adapter
- 21. Anchor lock elements
- 22. Flush manifold vented cover
- 26. Venting elbow supplied
- 37. Height with adapter add 7/8" (22mm)
- 45. If battery is used in on-highway vehicles equipped with two-way radios (such as taxis, police, and emergency vehicles), marine applications, off highway use, and other non-automotive usage, free warranty replacement period will be 6 months
